

The Silvretta Card is a cross-regional ticket offering a wealth of benefits for guests in Paznaun and neighbouring Montafon (Vorarlberg province).

Below you can find details of all the benefits offered by the Silvretta Card in Paznaun. Those in Montafon are listed on the back.

**Hiking programme offered by the Paznaun – Ischgl Tourism association – 100%**

Hikes are free of charge – only taxi journeys have to be paid for. Register up until 5 pm the day before (until 12 pm on Sundays) at the relevant tourist office.

**MONDAY**  
**Introduction to climbing on a natural stone climbing wall (Galtür)** Gain an insight into the world of climbing with experienced mountain guides from Galtür. Under expert instruction and with the right exercises, you'll soon make it up the 25 m of Austria's highest natural stone climbing wall at the Alpinarium during your taster session. Whether you're young or old: just climb to your heart's content.  
**Into Switzerland on ancient smugglers' paths (Ischgl)** Travel up by cable car and chairlift to the Flimjoch at 2,757 m altitude. Enjoy fabulous panoramic views of the surrounding mountain ranges of the Samnaun, Silvretta and Verwall, as well as the Ötztal Alps. We will then take a leisurely hike along old smugglers' paths up to the Trida Sattel Alp, via the Salaiser and on to Ravaisch and Samnaun. We'll stop off for around 1.5 hours in the Samnaun duty free area before returning to Ischgl by cable car and chairlift and on foot along the smugglers' paths.

**WEDNESDAY**  
**Hike to the sheep in the Madlein Valley (Ischgl)** Hundreds of sheep belonging to Ischgl's farmers spend the summer grazing in the Madlein Valley. For the first stage of the hike, we'll take a taxi into the valley before heading uphill for around an hour, accompanied by Emil, a local shepherd and mountain guide. He knows every one of his sheep and has a special way of calling them. Children can find out what the sheep get up to in the valley and the braver ones among them can give the sheep their salt.  
**Alpine dairy tour (Kappl)** Led by a mountain guide, this hike visits selected mountain dairies in Kappl. The countless Alpine huts in Paznaun have been used to provide shelter during the summer livestock drives for centuries. The Alpine farmers produce delectable cheeses, curds and butter from cow's and sheep's milk.

**TUESDAY**  
**Panoramic walk to suit everyone (Galtür)** The prior knowledge and physical fitness of those registered will determine the course of this walking tour. The walk to the Breitspitze is particularly popular due to the breath-taking panoramic views of the Silvretta and Montafon and is also suitable for families with children. The ascent to the Ballunspitze, however, requires physical fitness and is therefore only suitable for experienced walkers due to the difficulty level involved. The striking local mountain of Galtür challenges walkers to reward them with fascinating views.

**THURSDAY**  
**Hike to the summit of the Furgler (See)** The Furgler is 3,004 m high and the closest mountain to See. The summit offers breathtaking views on all sides. The six-seater cable car will take us up to Medrigalm. From there, we'll hike up over the Furglerscharte to the summit of the Furgler. This Alpine hike is recommended for experienced hikers only.

**FRIDAY**  
**Climbing with the family: taster session on a fixed rope route (Galtür)** Experienced mountain guides from Galtür will introduce the whole family to the world of climbing.
